

What's up with all of the vacant lots?

A Community Discussion about Publicly-Owned Land in Sacramento

Wednesday, August 31st

6:00-7:30pm

**Oak Park Community Center
3425 Martin Luther King Jr. Blvd**

Did you know that there are ***hundreds*** of vacant lots throughout our communities that are owned by the County, City, and Sacramento Housing and Redevelopment Agency?

Community groups from across the County have submitted a letter to those agencies requesting a discussion about these lots.

At this meeting you will learn about the status of those lots and how communities who live near them can help decide what happens to them in the future.
